

FREEDOM FROM SEXUAL VIOLENCE

2012 ANNUAL REPORT

OUR MISSION:
 The Colorado Coalition Against Sexual Assault (CCASA) is a membership organization promoting safety, justice, and healing for survivors while working toward the elimination of sexual violence.

OUR VISION is for Colorado communities to believe and support survivors, hold perpetrators accountable, and take action to end sexual violence.

GREETINGS FROM THE BOARD AND EXECUTIVE DIRECTOR

2012 WAS A YEAR OF INCREDIBLE PROGRESS for CCASA, our members, and the sexual assault survivors we work with across our state. CCASA's membership continued to grow, and we are grateful for the work you do each day in your community as well as your participation and contributions to the Coalition. The CCASA Staff moved programs forward with successful training and events including regional meetings co-hosted with the Colorado Anti-Violence Program and the Sexual Violence Prevention Program at the Colorado Department of Public Health & Environment, our largest SAAM Capitol Rally yet thanks to the work of our members and partner organizations, the inaugural Colorado Advocacy in Action Conference in collaboration with CCADV, and the second annual Colorado SART Institute. Meanwhile, the Board of Directors continued building a strong foundation for the organization with a major focus on creating a more diverse and inclusive Coalition. All of us at CCASA are proud to be part of such an amazing group of passionate and talented advocates who are committed to working together to make Colorado a safer place to live. Thank you!

-Emily Tofte Nestaval, Board Chairperson & Erin Jemison, Executive Director

2012 HIGHLIGHTS

Founded in 1984, CCASA advances its mission by providing education and training to sexual assault service providers, influencing public policy, advocating for resources at the state and national level, and promoting offender accountability. The organization's programmatic areas are Training & Technical Assistance, Public Policy, and Statewide Systems Change. CCASA's 2012 accomplishments include:

- Collaborated with various organizations to advocate for a wide range of legislation, from measures to protect survivors of human trafficking to standards that promote effective responses to sexual violence occurring in Colorado's schools.
- Recruited 22 new individual and agency members to reach a total of 74 agencies and 50 individuals.
- Collaborated with the Colorado Coalition Against Domestic Violence (CCADV) to host the second annual Colorado Advocacy in Action conference which included more than 180 participants from every region of the state.
- Continued to advocate for the needs of victims, survivors, and our member agencies at the systems change level by serving on the Sex Offender Management Board (SOMB), Crime Victims Services Board, SANE Advisory Board, Colorado Network to End Human Trafficking (CoNEHT), and Ending Violence Against Women (EVAW) Program Advisory Board, among others.
- Hosted the second annual statewide SART (Sexual Assault Response Team) Institute with 50 multi-disciplinary sexual assault responders in attendance.
- Held the largest ever annual statewide event at the Capitol in recognition of Sexual Assault Awareness Month (SAAM).
- Continued to increase membership services through the Training & Technical Assistance Program, which met the following objectives:
 - » provided training to more than 950 CCASA members and other sexual assault service providers in Colorado in order

- to help ensure a consistent, comprehensive, and victim-centered response to sexual assault statewide.
- » hosted two series of collaborative regional trainings: Spring trainings provided by the Colorado Anti-Violence Program (CAVP) called "Supporting LGBTQ Survivors of Sexual Assault and Creating Change within Your Organization" and Fall trainings provided by CDPHE's Sexual Violence Prevention Program.
- » published and distributed more than 6,000 copies of brochures and handbooks, in English and Spanish, regarding sexual assault, available services, and resources for responding in Colorado communities.
- » fulfilled over 325 requests for technical assistance regarding sexual assault response issues.

CCASA 2012 FINANCIAL STATEMENT*
